MADE IN ITALY

DISCOVER THE POWER OF THE VACUMETTO SYSTEM!

by

FOR 30 YEARS WE HAVE BEEN DEVELOPING  
THE TECHNOLOGY OF VACUUM STORAGE OF FOOD

PART OF

**OMS BESSER GROUP**

FOR MORE THAN 55 YEARS  
IN THE SECTOR OF THE APPLIANCE

## EXPERIENCE, PASSION and INNOVATION

Boasting a complete production chain, the OMS BESSER group is a partner of the most successful brand of household appliances on the European market and, supported by modern technologies and by one young and dynamic staff, represents an estimated and recognized reality.

In 1980 we created Aladino, one of the first vacuum storage appliances in Italy; today the fusion of experience, technology and innovative materials marks the entrance of a new range of products: VACUMETTO, a designline with professional performance intended for families.

# EXCELLENCE IN FOOD PRESERVATION

## INNOVATIVE TECHNOLOGY MADE IN ITALY FOR VACUUM PRESERVATION

With **VACUMETTO** preserving fresh food or preparing and storing ready-made portions for the entire week is now easier than ever. Simply place the food in the most suitable container, connect the convenient VACUMETTO pump, and remove the air with the simple press of a button.

With **VACUMETTO** foods are better preserved and last longer, maintaining their natural freshness and fragrance for an extended period. This approach helps preserve flavors, aromas, colors, and nutritional properties of both natural and cooked foods.

# THE VACUMETTO SYSTEM

OUT WITH THE AIR  
IN WITH THE FRESHNESS

## VACUUM POWER

### THE VACUMETTO PUMP

#### 800PRO

REMOVES UP TO 80%

OF THE AIR present in containers, preserving food for an extended duration.

ALL AROUND THE VALVE

## INNOVATIVE PATENTED THREE-STAGE TECHNOLOGY

VACUUM: Draws out the air.

CLOSE: Seals and preserves your food.

OPEN: Easily open and enjoy your food.

# WHY CHOOSE VACUMETTO

SAVE THE  
FOOD

ZERO  
WASTE

**EXTENDS THE SHELF LIFE OF FOOD**

**SLOWS DOWN THE OXIDATION PROCESS OF FOOD  
PRESERVES FRESHNESS AND FLAVOR  
FOR A LONGER PERIOD**

**REDUCES MICROBIAL PROLIFERATION  
(BACTERIA AND MOLDS)  
ENSURES GREATER HYGIENE AND FOOD SAFETY**

**MAINTAINS THE NUTRITIONAL AND  
ORGANOLEPTIC PROPERTIES OF FOOD  
ENABLES COOKING TECHNIQUES  
SUCH AS SOUS VIDE**

**REDUCES FOOD WASTE ALLOWS  
FOR ECONOMIC SAVINGS**

# VACUMETTO DESIGNED FOR EASE OF USE

## STEP 1

Place fresh or cooked food inside the container or the designated bag and seal it tightly.

## STEP 2

Remove the air using the VACUMETTO pump, specifically designed and patented to achieve a high level of vacuum that ensures longer food durability.

## STEP 3

Store sealed foods in vacuum containers or bags in the pantry, refrigerator, or freezer.

Baking in the microwave\* and Oven\*  
MAX +400°C

*\*without the lid*

Storage in the fridge and freezer  
MAX -20°C

Dishwasher safe

# 800 PRO VACUUM PUMP VACUMETTO

The pump, extremely **silent and powerful**, can be placed on the kitchen top or hanging on the wall with the practical kit. In a short time it **eliminates up to 80% of the air** present in the containers allowing you to keep foods longer exactly like professional appliances.

Simple to use, you press a button and a **luminous led** will indicate the achievement of optimal vacuum level.

**PROFESSIONAL  
VACUUM PUMP  
800 PRO**

**EXCEPTIONAL SUCTION  
POWER  
CAN MAKE UP TO  
80% VACUUM**

### POWER SUPPLY

You must always connect the power supply to the pump and plug it into the power socket.

### UNIVERSAL OPTIONAL STAND

Maximize your Vacumetto storage optional stand compatible with all models.

Enjoy the flexibility of countertop placement or wall-mounting for a space-saving solution.

## CORDLESS **500** VACUUM PUMP VACUMETTO

The cordless Vacumetto pump is designed for easy use. Featuring **fast charging with USB**, suitable for indoor and outdoor use, providing you with an excellent user experience.

Vacumetto pump is **lightweight and compact**, making it easy to carry to kitchen, offices, picnics, and other places.

**Wherever you go, enjoy fresh food.**

**PUMP  
CORDLESS 500**

**CAN MAKE UP TO  
50% VACUUM**

## WITH OUR RANGE OF VACUMETTO PUMPS YOU CAN COVER DIFFERENT POWERS TO MEET ALL THE REQUIREMENTS TO STORE YOUR FOOD!

The wireless Vacumetto pump guarantees that your **food stays fresh for a longer time, practical and convenient**, with all the container of the Vacumetto range.

The Vacumetto vacuum pump is **battery operated** and therefore particularly **easy to handle**.

It is compatible with all the containers of the Vacumetto range.

**Easily maintain fresh and orderly food.**

## MEASURE FRESHNESS DURATION WITH THE POWER OF VACUUM

The universal optional stand is suitable for **Vacumetto cordless 500** too.

The USB-C cable allows you to charge your device so it's always ready to be used.

# DISCOVER ALL VACUMETTO CONTAINERS

**VACUMETTO IS A LINE OF PATENTED PRODUCTS  
DESIGNED TO PRESERVE FOOD UNDER VACUUM.  
DESIGNED FOR HOME, WORK, AND LEISURE.**

Our range includes the revolutionary Vacumetto pump, borosilicate glass containers, convenient jars, and containers in Tritan™ of various sizes, the cheese container, stoppers, and bags with the practical base that ensures their closure, together with many other products useful away from home, all dishwasher-safe and reusable.

# Vacumetto PRODUCTS

WWW.VACUMETTO.IT

## VACUUM PUMP

The pump, extremely **quiet and powerful**, can be placed on the kitchen counter or hung on the wall with the practical kit. In a short time, it **removes up to 80% of the air in containers**, allowing food to be preserved for a longer time, just like professional appliances.

**Easy to use**, simply press a button, and a **bright LED** will indicate the achievement of the optimal vacuum level.

## GLASS VACUUM CONTAINERS

The sturdy **borosilicate glass containers**, available in various sizes and configurations, are suitable for cooking (without the lid) up to 400°C in a traditional oven or microwave. They can be safely stored in the freezer, and the side clips provide added assurance in sealing and transportation. Easily stackable and dishwasher-safe.

## HERMETIC SEAL

Additional airtight seal to keep your food secure.

## VACUUM CONTAINERS

The jars are suitable for storing coffee, pasta, rice, biscuits, fruit juices, etc., in the refrigerator or pantry. All lids are equipped with the innovative three-stage valve to ensure the optimal vacuum level over time. The plastic parts in contact with food are **made of Tritan**, a **high-quality BPA-free material** that is resistant to stains and odors. Easily stackable and dishwasher-safe.

SAVE THE  
FOOD

ZERO  
WASTE

## VACUUM CHEESE BOX

The spacious cheese container allows the **long-term preservation** of the aromas of cheeses, keeping them in optimal conditions and preventing any odour dispersion in the refrigerator.

The Vacumetto vacuum cheese container is designed to last and can be **easily cleaned by hand or in the dishwasher**. The Vacumetto vacuum cheese container is ideal not only for cheese but also perfect for preserving fresh bread, pizza, and focaccia.

 **OUT WITH THE AIR**  
 **IN WITH THE FRESHNESS**

## VACUUM BAGS

Vacumetto vacuum bags are the benchmark for innovation in food preservation. They have been designed to provide you with maximum freshness in your food while reducing waste and simplifying your kitchen operations. With **three different sizes** these bags perfectly adapt to your needs. From individual meals to large quantities of food, we have the right bag for every occasion. **Vacumetto vacuum bags are BPA-free** and safe for food storage.

## VACUUM BOTTLE CAPS

The caps are suitable **for any standard bottle**, particularly recommended for quality red wines and ideal for preserving non-carbonated beverages. Moreover, the vacuum wine stoppers not only enhance your wine experience but are also an eco-friendly choice. They reduce waste and the use of disposable caps, **contributing to environmental preservation**.
